## CENTRAL INTELLIGENCE AGENCY WASHINGTON 25, D. C.

MAR 1950

Mr. N. Park Armstrong, Jr. Special Assistant, Intelligence Department of State Washington 25, D. C.

Deer Mr. Armetrong:

I have read with interest Despetch Ho. USI from the Embassy dated 30 December 1949, entitled Suggested Plan Prepared by Ibird Secretary Morean B. Hannah for Systematic Dovelopment of the Consular and Cosservial Services as Sources of Intelligence Information (State's file 124.06/12-3049).

When your appropriate office or division is giving consideration to this metter. I should appreciate it if the various phases of this problem could be discussed with members of this agency.

In commetion with the desire of the Division of Foreign Service Personnel to assign a few officers to this Agency in Washington and elegabers in the United States, it might be possible, subsequently, to use such personnel in carrying out some of the suggestions listed in the despatch under reference.

Also, in commection with the State Department's program of emshanging personnel on foreign and demestic duty, I should think it aight be worthwhile to consider the possible use abroad of a small number of CIA's Washington personnel for the purposes mentioned in the despatch, at least in the initial organizational stages.

It is hoped that discussions soons our staffs can develop workable solutions for, as you will know, improved and enlarged collection Secilities are essential to the intelligence activities of our Government.

Cimeeraly yours,
